

## WORK LIGHT

### MODEL

1808SF2200-01C

### PRODUCT DESCRIPTION

With IP67 as the lowest rating and a temperature range between -40 to +80 °C, our range of work lighting works in both indoor and outdoor environments. The work lighting is available with both directional spotlight and wide beam. Of course, we have equipped some of our work lighting with DT connectors for compatibility with work vehicles such as trucks, forest machines, wheel loaders, forklifts and SUVs, etc.

### TECHNICAL DATA

1808SF2200-01C

Work lighting 9 LED's with flood beam

IP-classification	IP67
Bulb	Epistar
Flood beam	
Lumen strength	2200 lm
AC / DC supply voltage	max 32 V
AC / DC supply voltage	min 9 V
Voltage	9-32 V
Contact	Cable with DT-contact

Work lamp 9LED's wide light

IP-classification	IP67
Bulb	Epistar
Wide light	
Lumen strength	2200 lm
AC / DC supply voltage	max 32 V
AC / DC supply voltage	min 9 V
Voltage	9-32 V
Contact	Cable with DT-contact
